

Save Birds, Save Nature:

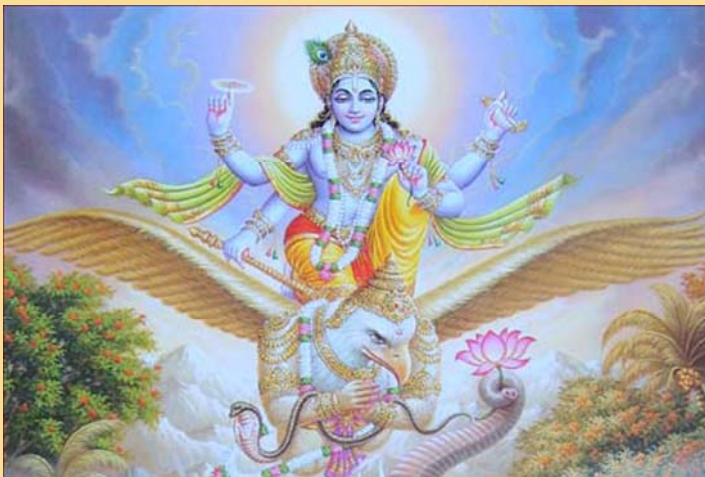

Every bird is vehicle of the God in Hindu Culture

Cock is Vehicle of Goddess Bahuchraji

Peacock is a lovely vehicle of Kartikay Swami & Saraswati

Eagle for God
Swan for Goddess

Crow is a Vehicle of Sani Maharaj

If we don't have vehicle of the God?
How the God will come to us?

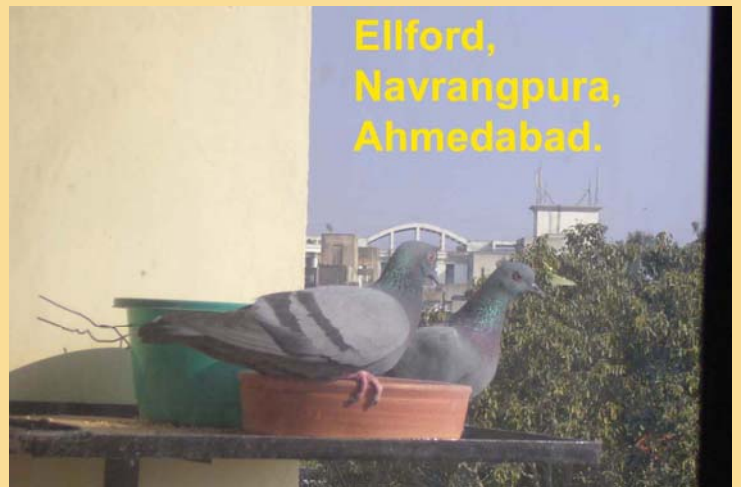

- The Crows are offered 'PINDDAN' & 'PITRUVAS' after death in Hindu, because spirit of forefathers do lie in the CROW.
- The PARSIS dedicate the deadbody to the non vegetarian birds like Hawker, Eagle, Vulture, Falcon etc.
- The sky without bird is like a woman without adornment.
- I have asked one question during my China tour.
- Why any birds are not seen in your sky?
- Reply of the Chinese was that :
- We ate all the birds !!!
- The birds keep nature balanced.
- Sweet singing of the birds keep the atmosphere live
- The birds are important in expansion of forest.
- Leave non vegetarian diet and save birds.
- Don't shut birds in the cages, let them free.
- Chabutaras are made today by Antimdham.
